*New Leadership. New Vision for America.*

**VOTE for John Manlove March 4 in the Republican Primary**

We must have a new vision for America based on the conservative principles that made our country great. I am a self-made Texas conservative I understand and I will protect your God-given values. I pledge to work as hard as your congressman as I did to put myself through college, as I did to raise a family, as I did to build a business and run one of the largest cities in Texas.

- John Manlove

## THE ISSUES

As your new Congressman, John Manlove will fight for you on these issues.

### ISSUE #1 ILLEGAL IMMIGRATION

We must stop illegal immigration and secure our borders North, South, East and West. And I will oppose amnesty in every way, no matter what name they put on it.

### ISSUE #2 TAXATION

I will fight to throw away our current tax code and replace it with a "Fair Tax" that allows our families to keep what they work for.

### ISSUE #3 WAR ON TERROR

We must have a strong national defense a strong military and fund it with an economy that is so strong that no one will question our authority.

### ISSUE #4 VALUES

We must fight for the conservative principles and values that made our country great.

Our Founders believed America was a "shining city on a hill" and I believe that too. I believe strong families make for a strong America. I'll defend this "one nation, under God" because America is a source of good in today's turbulent world. America is an exceptional nation filled with extraordinary people who have made the world a freer, safer, and more prosperous world.

If you believe in America's greatness, join my campaign today because there's more work to be done. Thank you.
