Are you fed up with a Congress and a President who:

- ★ Voted for a \$500 billion tax bill without reading it?
- ★ Are spending trillions of borrowed dollars, leaving a debt our great-grandchildren will be paying?
- ★ Consistently give special interest groups billions of dollars in earmarks to help get themselves re-elected?
- ★ Want to take your wealth and redistribute it to others?
- ★ Punish those who practice responsible financial behavior and reward those who do not?
- ★ Admit to using the financial hurt of millions as an opportunity to push their political agenda?
- ★ Run up trillions of dollars of debt and then sell that debt to countries such as China?
- ★ Want government controlled health care?
- ★ Want to take away the right to vote with a secret ballot in union elections?
- ★ Refuse to stop the flow of millions of illegal immigrants into our country?
- ★ Appoint a defender of child pornography to the Number 2 position in the Justice Department?
- ★ Want to force doctors and other medical workers to perform abortions against their will?
- ★ Want to impose a carbon tax on your electricity, gas and home heating fuels?
- ★ Want to reduce your tax deductibility for charitable gifts?
- ★ Take money from your family budget to pay for their federal budget?

If so, participate in the TEA party rally -- the Taxed Enough Already (TEA) party!!
