

***"It's time to make English the national language of the United States. It isn't 'anti-immigrant' to insist that our language, borders, laws and culture be protected."***

***~ Jim Squier***

## ***The Squier Plan***

- ✓ Secure our borders now with an actual and virtual fence and more enforcement officers.
- ✓ Insist on English as our national language.
- ✓ Insist on local, state and federal cooperation like that which has worked in Texas.
- ✓ No tax rebates for illegal aliens.
- ✓ No amnesty.
- ✓ Empower state and local law enforcement to deport criminal aliens.
- ✓ Require mandatory verification of worker status.
- ✓ Increase penalties for alien smuggling.
- ✓ Prevent frivolous lawsuits by illegal aliens.
- ✓ Support the House plan that favors enforcement over amnesty.
